THE CORVETTES

9:25 - 10:15 p.m. and 11:30 p.m. - 12:15 a.m.

Take a large pinch of nostalgia - that feeling that makes you tingle inside, and brings you face-to-face with the tastes, smells, and feelings of your past. Combine it with the best well-known hits of the fifties and sixties. Stir until totally danceable. Arrange the music on a platter exactly as people remember it. Embellish with glitter, add a helping of wild-and-crazy, and sprinkle with a generous portion of laughs. Serves thousands...

This is the magic recipe for the Corvettes Doo-Wop and Motown Show Band, San Diego's favorite oldies revue. Their up-tempo, fast-paced show is entertaining for people of all ages. Do we dance? Do we watch? Maybe both! If you grew up in those simpler days, the Corvettes will take you back. Younger than that? Don't worry - the show is so entertaining that even kids can't take their eyes off them- and most of them know the words! And, hey, it's the roots of rock and roll - EVERYBODY can dance!!

The Corvettes know nostalgia. Their keyboard player performed at the Woodstock Festival in 1969, as an original member of Sha Na Na. Credited with being the first group to introduce the idea of "bringing back the oldies", Sha Na Na is best known for its syndicated TV show in the late seventies, and its appearance in the movie "Grease". The Corvettes' drummer and sax player are former members of the Syndicate of Sound, whose 1966 top-ten hit "Little Girl" is remembered as one of the great "garage band" hits of all time.
